A Country of Ghosts Margaret Killjoy, 2021-11-23 Dimos Horacki is a Borolian journalist and a cynical patriot, his muckraking days behind him. But when his newspaper ships him to the front, he's embedded in the Imperial Army and the reality of colonial expansion is laid bare before him. His adventures take him from villages and homesteads to the great refugee city of Hronople, built of glass, steel, and stone, all while a war rages around him. The empire fights for coal and iron, but the anarchists of Hron fight for their way of life. *A Country of Ghosts* is a novel of utopia besieged and a tale that challenges every premise of contemporary society.

The Night Country Stewart O'Nan, 2004-10-01 A ghost story that begins in everyday tragedy, from a distinctly American master of both forms: a scary, sad, funny . . . mesmerizing read (Stephen King) At Midnight on Halloween in a cloistered New England suburb, a car carrying five teenagers leaves a winding road and slams into a tree, killing three of them. One escapes unharmed, another suffers severe brain damage. A year later, summoned by the memories of those closest to them, the three that died come back on a last chilling mission among the living. A strange and unsettling ghost story, *The Night Country* creeps through the leaf-strewn streets and quiet cul-de-sacs of one bedroom community, reaching into the desperately connected yet isolated lives of three people changed forever by the accident: Tim, who survived yet lost everything; Brooks, the cop whose guilty secret has destroyed his life; and Kyle's mom, trying to love the new son the doctors returned to her. As the day wanes and darkness falls, one of them puts a terrible plan into effect, and they find themselves caught in a collision of need and desire, watched over by the knowing ghosts. Macabre and moving, *The Night Country* elevates every small town's bad high school crash into myth, finding the deeper human truth beneath a shared and very American tragedy. As in his highly-prized *Snow Angels* and *A Prayer for the Dying*, once again Stewart O'Nan gives us an intimate look at people trying to hold on to hope, and the consequences when they fail.

King Leopold's Ghost Adam Hochschild, 2019-05-14 With an introduction by award-winning novelist Barbara Kingsolver In the late nineteenth century, when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves, King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River. In his devastatingly barbarous colonization of this area, Leopold stole its rubber and ivory, pummelled its people and set up a ruthless regime that would reduce the population by half. . While he did all this, he carefully constructed an image of himself

as a deeply feeling humanitarian. Winner of the Duff Cooper Prize in 1999, *King Leopold's Ghost* is the true and haunting account of this man's brutal regime and its lasting effect on a ruined nation. It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust. Instead of turning away, these brave few chose to stand up against Leopold. Adam Hochschild brings life to this largely untold story and, crucially, casts blame on those responsible for this atrocity.

The Inner Islands Bland Simpson, 2007-09-06 Blending history, oral history, autobiography, and travel narrative, Bland Simpson explores the islands that lie in the sounds, rivers, and swamps of North Carolina's inner coast. In each of the fifteen chapters in the book, Simpson covers a single island or group of islands, many of which, were it not for the buffering Outer Banks, would be lost to the ebbs and flows of the Atlantic. Instead they are home to unique plant and animal species and well-established hardwood forests, and many retain vestiges of an earlier human history.

Ghost Cities of China Wade Shepard, 2015-04-09 Featuring everything from sports stadiums to shopping malls, hundreds of new cities in China stand empty, with hundreds more set to be built by 2030. Between now and then, the country's urban population will leap to over one billion, as the central government kicks its urbanization initiative into overdrive. In the process, traditional social structures are being torn apart, and a rootless, semi-displaced, consumption orientated culture rapidly taking their place. *Ghost Cities of China* is an enthralling dialogue driven, on-location search for an understanding of China's new cities and the reasons why many currently stand empty.

Eight Ghosts Sarah Perry, Jeanette Winterson, Mark Haddon, Max Porter, 2017-09-28 Rooted in place, slipping between worlds - a rich collection of unnerving ghosts and sinister histories. 'An impressive line-up of established and emerging names.' *The Sunday Times* 'These eerie, unsettling stories are guaranteed to send shivers down your spine.' *Daily Express* Eight authors were given the freedom of their chosen English Heritage site, from medieval castles to a Cold War nuclear bunker. Immersed in the past and chilled by rumours of hauntings, they channelled their darker imaginings into a series of extraordinary new ghost stories. 'Subtly evocative of human relations loss, grief, or the fear of loneliness.' *TLS* 'A satisfying and spooky read.' *Sun* Also includes a gazetteer of English Heritage properties which are said to be haunted.

Hana Hsu and the Ghost Crab Nation Sylvia Liu, 2022-06-21 "A refreshing, imaginative take on a cyberpunk future, filled with wickedly cool technology and unraveling intrigue!" -Xiran Jay Zhao, #1 *New York Times* bestselling author of *Iron Widow* and *Zachary Ying and the Dragon Emperor* Perfect for fans of *Dragon Pearl* by Yoon Ha Lee, this thrilling, cinematic sci-fi novel follows Hana Hsu's mission to save herself—and her friends—from a dangerous plot to control their minds. Hana Hsu can't wait to be meshed. If she can beat out half her classmates at Start-Up, a tech school for the city's most talented twelve-year-olds, she'll be meshed to the multiweb through a neural implant like her mom and sister. But the competition is

fierce, and when her passion for tinkering with bots gets her mixed up with dangerous junkyard rebels, she knows her future in the program is at risk. Even scarier, she starts to notice that something's not right at Start-Up—some of her friends are getting sick, and no matter what she does, her tech never seems to work right. With an ominous warning from her grandmother about being meshed, Hana begins to wonder if getting the implant early is really a good idea. Desperate to figure out what's going on, Hana and her friends find themselves spying on one of the most powerful corporations in the country—and the answers about the mystery at Start-Up could be closer to home than Hana's willing to accept. Will she be able to save her friends—and herself— from a conspiracy that threatens everything she knows?

The Telltale Lilac Bush and Other West Virginia Ghost Tales Ruth Ann Musick, 1965-12-31 West Virginia boasts an unusually rich heritage of ghost tales. Originally West Virginians told these hundred stories not for idle amusement but to report supernatural experiences that defied ordinary human explanation. From jealous rivals and ghostly children to murdered kinsmen and omens of death, these tales reflect the inner lives—the hopes, beliefs, and fears—of a people. Like all folklore, these tales reveal much of the history of the region: its isolation and violence, the passions and bloodshed of the Civil War era, the hardships of miners and railroad laborers, and the lingering vitality of Old World traditions.

Ghostland Colin Dickey, 2016 An intellectual feast for fans of offbeat history, Ghostland takes readers on a road trip through some of the country's most infamously haunted places--and deep into the dark side of our history.

Collected Ghost Stories Montague Rhodes James, 2007 Considered by many to be the most terrifying writer in English, M.R. James was an eminent scholar who spent his entire adult life in the academic surroundings of Eton and Cambridge. His classic supernatural tales draw on the terrors of the everyday, in which documents and objects unleash terrible forces, often in closed rooms and night-time settings where imagination runs riot. Lonely country houses, remote inns, ancient churches or the manuscript collections of great libraries provide settings for unbearable menace, from creatures seeking retribution and harm. These stories have lost none of their power to unsettle and disturb. This edition presents all of James's published ghost stories, including the unforgettable 'Oh, Whistle and I'll Come to You, My Lad' and 'Casting the Runes', and an appendix of James's writings on the ghost story. Darryl Jones's introduction and notes provide a fascinating insight into James's background and his mastery of the genre he made his own. --! From publisher's description.

Ghosts of Jim Crow F. Michael Higginbotham, 2013 Discusses the political, economic, educational, and social reasons the United States is not a post-racial society and argues that legal reform can successfully create a post-racial America.

Ghost Train Paul Yee, 2013-10-01 This enhanced e-book, in celebration of Groundwood's 35th anniversary, includes a read-aloud feature of the story narrated by Molly Johnson. Winner of the Governor General's Award, the Amelia Frances Howard-Gibbon Illustrator's Award, the Elizabeth Mrazik-Cleaver Award and the Ruth Schwartz Award This powerful,

unforgettable and multi-award-winning tale is based on the lives of the Chinese who settled on the west coast of North America in the early 1900s. Left behind in China by her father, who has gone to North America to find work, Choon-yi has made her living by selling her paintings in the market. When her father writes one day and asks her to join him, she joyously sets off, only to discover that he has been killed. Choon-yi sees the railway and the giant train engines that her father died for, and she is filled with an urge to paint them. But her work disappoints her until a ghostly presence beckons her to board the train where she meets the ghosts of the men who died building the railway. She is able to give them peace by returning their bones to China where they were born.

Ghost Boys Jewell Parker Rhodes, 2018-04-17 A heartbreaking and powerful story about a black boy killed by a police officer, drawing connections through history, from award-winning author Jewell Parker Rhodes. Only the living can make the world better. Live and make it better. Twelve-year-old Jerome is shot by a police officer who mistakes his toy gun for a real threat. As a ghost, he observes the devastation that's been unleashed on his family and community in the wake of what they see as an unjust and brutal killing. Soon Jerome meets another ghost: Emmett Till, a boy from a very different time but similar circumstances. Emmett helps Jerome process what has happened, on a journey towards recognizing how historical racism may have led to the events that ended his life. Jerome also meets Sarah, the daughter of the police officer, who grapples with her father's actions. Once again Jewell Parker Rhodes deftly weaves historical and socio-political layers into a gripping and poignant story about how children and families face the complexities of today's world, and how one boy grows to understand American blackness in the aftermath of his own death.

Candide By Voltaire, 2019-06-10 *Candide* is a French satire by Voltaire, a philosopher of the Age of Enlightenment. It begins with a young man, Candide, who is living a sheltered life in an Edenic paradise and being indoctrinated with Leibnizian optimism (or simply Optimism) by his mentor, Pangloss. The work describes the abrupt cessation of this lifestyle, followed by Candide's slow, painful disillusionment as he witnesses and experiences great hardships in the world. Voltaire concludes with Candide, if not rejecting optimism outright, advocating a deeply practical precept, we must cultivate our garden, in lieu of the Leibnizian mantra of Pangloss, all is for the best in the best of all possible worlds. *Candide* is characterized by its sarcastic tone, as well as by its erratic, fantastical and fast-moving plot. A picaresque novel it parodies many adventure and romance clichés, the struggles of which are caricatured in a tone that is mordantly matter-of-fact. Still, the events discussed are often based on historical happenings, such as the Seven Years' War and the 1755 Lisbon earthquake. As philosophers of Voltaire's day contended with the problem of evil, so too does *Candide* in this short novel, albeit more directly and humorously. Voltaire ridicules religion, theologians, governments, armies, philosophies, and philosophers through allegory; most conspicuously, he assaults Leibniz and his optimism. As expected by Voltaire, *Candide* has enjoyed both great success and great scandal. Immediately after its secretive publication, the book was widely banned

because it contained religious blasphemy, political sedition and intellectual hostility hidden under a thin veil of naïveté. However, with its sharp wit and insightful portrayal of the human condition, the novel has since inspired many later authors and artists to mimic and adapt it. Today, *Candide* is recognized as Voltaire's magnum opus and is often listed as part of the Western canon; it is arguably taught more than any other work of French literature. It was listed as one of The 100 Most Influential Books Ever Written.

The Invited Jennifer McMahon,2019-04-30 A chilling ghost story with a twist: the New York Times bestselling author of *The Winter People* returns to the woods of Vermont to tell the story of a husband and wife who don't simply move into a haunted house--they build one . . . In a quest for a simpler life, Helen and Nate have abandoned the comforts of suburbia to take up residence on forty-four acres of rural land where they will begin the ultimate, aspirational do-it-yourself project: building the house of their dreams. When they discover that this beautiful property has a dark and violent past, Helen, a former history teacher, becomes consumed by the local legend of Hattie Breckenridge, a woman who lived and died there a century ago. With her passion for artifacts, Helen finds special materials to incorporate into the house--a beam from an old schoolroom, bricks from a mill, a mantel from a farmhouse--objects that draw her deeper into the story of Hattie and her descendants, three generations of Breckenridge women, each of whom died suspiciously. As the building project progresses, the house will become a place of menace and unfinished business: a new home, now haunted, that beckons its owners and their neighbors toward unimaginable danger.
