iSpeak: Public Speaking for Contemporary Life Paul Nelson, Scott Titsworth, Judy Pearson, 2013-01-08 iSpeak is an integrated program that helps students practice, build confidence, and achieve success in public speaking. Connect Public Speaking provides students a wealth of resources to prepare and plan speeches, while LearnSmart – McGraw-Hill's proven adaptive learning system – guides them toward mastery of key course concepts. Additionally, Connect's highly flexible Speech Capture tool saves instructors valuable time in managing assignments and evaluating student speeches.

iSpeak Paul E. Nelson, Scott Titsworth, Judy C. Pearson, 2008-03 For your classes in Public Speaking McGraw-Hill introduces the latest in its acclaimed M Series. The M Series started with your students. McGraw-Hill conducted extensive market research with over 4,000 students to gain insight into their studying and buying behavior. Students told us they wanted more portable texts with innovative visual appeal and content that is designed according to the way they learn. We also surveyed instructors, and they told us they wanted a way to engage their students without compromising on high quality content. Freedom of speech and public speaking are critical components of a healthy democracy. iSpeak promotes this declaration by using examples that reflect vital personal, social, and political themes that portray campus communities across the country. iSpeak consistently demonstrates that public communication is directly related to what people care about, what people want, and what people do. More current, more portable, more captivating, plus a rigorous and innovative research foundation adds up to: more learning. When you meet students where they are, you can take them where you want them to be.

Proceedings of the 4th Borobudur International Symposium on Humanities and Social Science 2022 (BIS-HSS 2022) Zulfikar Bagus Pambuko,Muji Setiyo,Chrisna Bagus Edhita Praja,Agus Setiawan,Fitriana Yuliastuti,Lintang Muliawanti,Veni Soraya Dewi,2023-10-10 This is an open access book.Related to the big theme of the SDGs reinforcement at our previous conference, we try to invite all academics and researchers around the world to participate in the 4th Borobudur International Symposium 2022 (4thBIS 2022). As we know, the COVID-19 pandemic and its impact on all the 17 SDGs have demonstrated how what began as a health catastrophe swiftly transformed into a human, socioeconomic and environmental crisis. The 4th BIS brought up “The Innovation Chain: A Contribution to Society and Industry” as the main theme to respond this condition. This conference is expected to support the UN Agenda. Additionally, this conference will also provide avenues for participants to exchange ideas and network with each other as well as domain experts from their fields. Overall, this event is aimed at professionals across all spheres of technology and engineering including the experienced, inexperienced, and students as well. The conference will be held virtually on Wednesday, December 21st, 2022 in Magelang, Central Java, Indonesia.

iCommunicate Christa Tess Kalk,2016-03-24 iCommunicate is an all-in-one textbook and workbook combined. The textbook covers the overview and basics of Interpersonal Communication, including some of the most popular and widely

used theories in the field as well as the most recent technological influences on communication. This book focuses on getting to the point and provides a relatable voice while asking students to consider ways in which the information has been experienced or witnessed by them. Research shows that most people learn best through application. Each chapter is followed by discussion prompts as well as worksheets to help apply the concepts and lessons in the chapter. This becomes a useful tool for instructors to guide students to reflect on and apply what they have learned. These ancillaries are useful both in face-to-face classes and online. The discussion questions and worksheets can be used in class, outside of class as a written assignment, or for online courses.

Does Anything Eat Wasps New Scientist, 2016-09-01 Every year, readers send in thousands of questions to New Scientist, the world's best-selling science weekly, in the hope that the answers to them will be given in the 'Last Word' column - regularly voted the most popular section of the magazine. *Does Anything Eat Wasps?* is a collection of the best that have appeared, including: Why can't we eat green potatoes? Why do airliners suddenly plummet? Does a compass work in space? Why do all the local dogs howl at emergency sirens? How can a tree grow out of a chimney stack? Why do bruises go through a range of colours? Why is the sea blue inside caves? Many seemingly simple questions are actually very complex to answer. And some that seem difficult have a very simple explanation. New Scientist's 'Last Word' celebrates all questions - the trivial, the idiosyncratic, the baffling and the strange. This selection of the best is popular science at its most entertaining and enlightening.

The Old Straight Track Alfred Watkins, 1988-01-01 First published in 1925 THE OLD STRAIGHT TRACK remains the most important source for the study of ancient tracks or leys that criss-cross the British Isles- a fascinating system which was old when the Romans came to Britain. First in the Herefordshire countryside, and later throughout Britain, Alfred Watkins noticed that beacon hills, mounds, earthworks, moats and old churches built on pagan sites seemed to fall in straight lines. His investigation convinced him that Britain was covered with a vast network of straight tracks, aligned with either the sun or the path of a star. Although traces of this network can be found all over the country, the principles behind the ley system remain a mystery. Are they the legacy of a prehistoric scientific knowledge which is now all but lost? And was their purpose secular or religious?

Intercultural Competence in Organizations Alex Matveev, 2016-11-18 This book addresses one of the most critical issues facing global business leaders and the multicultural workforce - how to work and relate effectively in the intercultural contexts. The author presents business professionals, practitioners and academics with the Collaborative Intercultural Competence Model. Based on solid theoretical assumptions and real intercultural experiences, this model is to help professionals work more effectively across and within cultures. This book expands the traditional presentation of existing knowledge by providing a unified discussion of intercultural communication and its conceptual foundations. The book offers

readers with a contemporary insight into the intercultural competence phenomenon and highlights the basis for its experience-based inquiry, assessment and development. A distinctive feature of *Intercultural Competence in Organizations* is its comprehensive coverage of the intercultural competence framework from both communication and organizational behavior perspectives. This book does not cover traditional areas of international business, international management, global management strategy and policy and cross-cultural comparative management, but focuses on theoretical foundations of intercultural competence and intercultural competence research and practice. The author describes the complex nature of intercultural competence in a straightforward format which helps professionals, practitioners and students to envision a variety of intercultural situations in which they may behave competently. Thus, the conceptual acumen of this title is to understand the premises of intercultural competence, embrace its theoretical assumptions, see its practical applicability, and advance individual intercultural competence. Featuring examples and skill development exercises, this book will be appealing to professionals, practitioners, students, academics and policy makers in the field of international business, management and communication. "Dr. Matveev challenges his readers to develop their intercultural competence so as to make themselves more effective, more humane and more socially skilled in a world that increasingly involves extensive contact across various groups of people." --from the Foreword by Richard W. Brislin, University of Hawaii "Dr. Matveev creates an awareness of intercultural competence by exposing the reader to the theoretical concepts and practical tools. Business people and academics will use this book to recognize and leverage the benefits of cultural diversity." --Berthold Mukuahima, Director of Human Capital, Ohlthaver & List Group, Namibia "Dr. Matveev reveals how intercultural competence of professional multicultural teams helps in achieving corporate competitive advantage and longevity in a challenging globalized world. This book is very useful for managers, scholars and students who want to elevate the efficacy of intercultural relationship in their professional and personal lives." --Srečko Čebren, Management Board Member, Sava Reinsurance Company, Slovenia /div

Approaches to Second Language Acquisition Richard Towell, Roger D. Hawkins, 1994 Examines five central issues of second-language acquisition: transfer, staged development, cross-learner systematicity, incompleteness and variability.

Applied Behavior Analysis in Early Childhood Education Laura Baylot Casey, Stacy L. Carter, 2016-02-05 Applied Behavior Analysis in Early Childhood Education provides a basic introduction to applied behavior analysis and the highly beneficial role that it can play in early childhood education for both typically developing children and those with special needs. The objective is to provide future and current early childhood professionals with the tools that they need to positively impact the lives of young children. Specifically, the book will describe and provide useful examples related to the following: Implementing effective techniques for changing behavior; Strategies for every day challenges both in the classroom and at home; Strategies for addressing less frequent issues; Suggestions for how to consult and correspond with parents and

caretakers. Applied Behavior Analysis in Early Childhood Education is written for professionals preparing for—or those already in—careers in child development, behavior analysis, early childhood education, developmental therapy, counseling, special education, and other helping professions. A Companion Website featuring additional information and resources for students and instructors can be accessed at www.routledge.com/cw/casey.

The Art of Public Speaking Stephen Lucas, 2004 Lucas' *The Art of Public Speaking* is the leading public speaking textbook in the field. Whether a novice or an experienced speaker when beginning the course, every student will learn how to be a better public speaker through Lucas' clear explanations. Creative activities, vivid examples, annotated speech samples, and foundation of classic and contemporary rhetoric provide students a strong understanding of public speaking. When instructors teach from this textbook, they benefit from Lucas' Integrated Teaching Package. The Annotated Instructor's Edition and Instructor's Manual, both written by Steve Lucas, provide teaching tips and give outlines on how to use the various supplements. As a result, instructors are able to see various teaching examples, how to integrate technology, and analyses and discussion questions for video clips in class. The Annotated Instructor's Edition, Instructor's Manual, Test Bank, CDs, videos, and other supplements provide instructors the tools needed to create a dynamic classroom. This edition has a supplement to meet the needs of online classes, *Teaching Public Speaking Online with The Art of Public Speaking*.

Disciples' Literal New Testament Michael Magill, 2011 *If You Love God's Word You Will Love This New Testament!* The Disciples' Literal New Testament sets you free from our artificial 460 year old chapter and verse structure, replacing it with paragraphing that reflects the flow of thought in the original Greek writings. Paragraph headings make that flow of thought explicit to you, speeding your understanding of the NT books. This translation retains the writing style of the apostles themselves, rather than transforming their Greek ways of writing into an elegant or contemporary English writing style, as has been beautifully done so many times. It is the same translation as the author's *New Testament TransLine*, first published by Zondervan in 2002. Now you can read the New Testament as the original writers intended it, and see it with a clarity formerly available only to those who could carefully study their Greek New Testament. You can even see the difference in writing style between Matthew, Mark and Luke! Used along with your standard Bible version, you will profit from both methods of translation. *Easily grasp the relationship of the whole and the parts of each book with the big-picture overview outlines that use the words of the original author. *Gain quick insight into the flow of thought from descriptive paragraph headings that summarize the main point of each paragraph in its context. *You can visually follow the apostles' thinking because the 'Intelligent Paragraphing' visually displays their main and subordinate thoughts. *The hindrance to your understanding caused by our artificial chapter and verse structure is eliminated by paragraphing based on the Greek writings. *You will more fully appreciate the minds and thinking patterns and intent of the original writers because the translation corresponds more closely to their words and their grammar and their sentence structure. *Deepen and expand

your understanding of the New Testament by meditating on the notes containing alternative renderings, explanations of what is being said, and different views of the meaning.

Community Impact Mitigation ,1998 In 1996, the Federal Highway Administration initiated efforts to re-educate transportation professionals and enhance their expertise on how to address possible adverse social, economic, and environmental effects during project planning, development, and decision making. A user-friendly primer, Community Impact Assessment, was published in September 1996 on how to conduct a community impact assessment to address the impacts of proposed transportation actions on communities, neighborhoods, and people. To complement the primer, this document, Community Impact Mitigation: Case Studies, provides examples of how transportation projects have been planned, designed, and constructed to be neighborhood friendly; avoid, minimize, and mitigate impacts; and, where appropriate, enhance the livability of communities and neighborhoods. This document contains five case studies: Community Mitigation and Enhancement - Durham, North Carolina; Community Cohesion - Oak Park, Michigan; Community Preservation - Philadelphia, Pennsylvania; Community Reconstruction - Seattle, Washington; and Community Revitalization - Prichard, Alabama.
