**Writing and Performing Female Identity in Italian Culture** Virginia Picchietti,Laura A. Salsini,2017-01-28 This volume investigates the ways in which Italian women writers, filmmakers, and performers have represented female identity across genres from the immediate post-World War II period to the turn of the twenty-first century. Considering genres such as prose, poetry, drama, and film, these essays examine the vision of female agency and self-actualization arising from women artists' critique of female identity. This dual approach reveals unique interpretations of womanhood in Italy spanning more than fifty years, while also providing a deep investigation of the manipulation of canvases historically centered on the male subject. With its unique coupling of generic and thematic concerns, the volume contributes to the ever expanding female artistic legacy, and to our understanding of postwar Italian women's evolving relationship to the narration of history, gender roles, and these artists' use and revision of generic convention to communicate their vision.

*The Risorgimento Revisited* S. Patriarca,L. Riall,2011-12-16 Bringing together the work of a ground-breaking group of scholars working on the Italian Risorgimento to consider how modern Italian national identity was first conceived and constructed politically, the book makes a timely contribution to current discussions about the role of patriotism and the nature of nationalism in present-day Italy.

*Voices from an Early American Convent* Emily Clark,2009-04 In 1727, twelve nuns left France to establish a community of Ursuline nuns in New Orleans, the capital of the French colony of Louisiana. Notable for founding a school that educated

all free girls, regardless of social rank, the Ursulines also ran an orphanage, administered the colony's military hospital, and sustained an aggressive program of catechesis among the enslaved population of colonial Louisiana. In *Voices from an Early American Convent*, Emily Clark extends the boundaries of early American women's history through the firsthand accounts of these remarkable French missionaries, in particular Marie Madeleine Hachard. These fascinating documents reveal women of determination, courage, and conviction, who chose to forgo the traditional European roles of wife and mother, embrace lives of public service, and forge a community among the diverse inhabitants -- enslaved and free -- who occupied early New Orleans.

**Chasing Degas** Eva Montanari, 2009-10-01 Monsieur Degas likes to paint the students while they practice in ballet class. But one day he mistakenly leaves his paints in the dance studio and instead takes a young ballerina's bag, which contains her new tutu. And so the ballerina begins a great chase to find Degas before her recital. Full color.

**Europe and Empire** Massimo Cacciari, 2016 Assesses the current situation of Europe ten years after the adoption of the single currency. Examines the genealogy of the idea of Europe from the Greek confrontation with the Asia to the conflict between the Roman Empire and Christianity. Discusses the role of secularization in the shaping of modern Europe--

**The Devotion and Promotion of Stigmatics in Europe, C. 1800-1950** Tine Van Osselaer, Andrea Graus, Leonardo Rossi, Kristof Smeyers, 2021 In the nineteenth century a new type of mystic emerged in Catholic Europe. While cases of stigmatisation had been reported since the thirteenth century, this era witnessed the development of the 'stigmatic': young women who attracted widespread interest thanks to the appearance of physical stigmata. To understand the popularity of these stigmatics we need to regard them as the 'saints' and religious 'celebrities' of their time. With their 'miraculous' bodies, they fit contemporary popular ideas (if not necessarily those of the Church) of what sanctity was. As knowledge about them spread via modern media and their fame became marketable, they developed into religious 'celebrities'--

**Garibaldi** Lucy Riall, 2008-10-20 Giuseppe Garibaldi, the Italian revolutionary leader and popular hero, was among the best-known figures of the nineteenth century. This book seeks to examine his life and the making of his cult, to assess its impact, and understand its surprising success. For thirty years Garibaldi was involved in every combative event in Italy. His

greatest moment came in 1860, when he defended a revolution in Sicily and provoked the collapse of the Bourbon monarchy, the overthrow of papal power in central Italy, and the creation of the Italian nation state. It made him a global icon, representing strength, bravery, manliness, saintliness, and a spirit of adventure. Handsome, flamboyant, and sexually attractive, he was worshiped in life and became a cult figure after his death in 1882. Lucy Riall shows that the emerging cult of Garibaldi was initially conceived by revolutionaries intent on overthrowing the status quo, that it was also the result of a collaborative effort involving writers, artists, actors, and publishers, and that it became genuinely and enduringly popular among a broad public. The book demonstrates that Garibaldi played an integral part in fashioning and promoting himself as a new kind of “charismatic” political hero. It analyzes the way the Garibaldi myth has been harnessed both to legitimize and to challenge national political structures. And it identifies elements of Garibaldi's political style appropriated by political leaders around the world, including Mussolini and Che Guevara.

*Loss and the Other in the Visionary Work of Anna Maria Ortese* Vilma De Gasperin, 2014-03-27 This book examines the work of Anna Maria Ortese (1914-1998) from her first literary writings in the Thirties to her great novels in the Nineties. The analysis focusses on two interweaving core themes, loss and the Other. It begins with the shaping of personal loss of an Other following death, separation, abandonment, coupled with melancholy for life's transience as depicted in autobiographical works and in her masterpiece *Il porto di Toledo*. The book then addresses Ortese's literary engagement with social themes in realist stories set in post-war Naples in her collection *Il mare non bagna Napoli* and then explores her continuing preoccupation with socio-ethical issues, imbued with autobiographical elements, in non-realist texts, including her masterful novels *L'Iguana*, *Il cardillo addolorato* and *Alonso e i visionari*. The book combines theme and genre analysis, highlighting Ortese's adoption and hybridization of diverse literary forms such as poetry, the novel, the short story, the essay, autobiography, realism, fairy tales, fantasy, allegory. In her work Ortese weaves an ongoing dialogue with literary and non-literary works, through direct quotations, allusions, echoes, adoption of motifs and topoi. The book thus highlights the intertextual relationship with her sources: Leopardi, Dante, Petrarch, Manzoni, Collodi, Montale, Sereno; Shakespeare, Milton, Keats, Blake, Joyce, Conrad, Melville, Poe, Hawthorne, Hardy; Manrique, Gongora, de Quevedo, Villalón, Bello, *Cantar del mio Cid*; Heine, Valéry, Puccini's *Madam Butterfly*, folklore, popular songs, and the Bible. Ortese thus shapes her literary themes in the background of social, political and economic upheavals over six decades of Italian history, culminating in an allegorical critique of modernity and a call for a renewed bond between humans and the Other.

Jessi and the Dance School Phantom (The Baby-Sitters Club #42) Ann M. Martin, 2014-01-28 The hit series is back, to charm and inspire another generation of baby-sitters! Naturally, Jessi is thrilled when she earns the lead role in dance school's latest ballet. But someone in class wants her out of the show. First Jessi's toe shoes are stolen. Then she gets all

kinds of threatening messages! What kind of ballerina would want to scare Jessi? The Baby-sitters don't know, but they're not going to let anyone get away with it for long. The best friends you'll ever have--with classic BSC covers and a letter from Ann M. Martin!

**With Voice and Pen** Leo Treitler, 2007 Leo Treitler's seventeen classic essays trace the creation and spread of song (cantus), sacred and secular, through oral tradition and writing, in the European Middle Ages. The author examines songs in particular - their design, their qualities and character, their expressive meanings, and their adaptation to their communal and ritual roles - and explores the chances for, and the obstacles to, our understanding of traditions that were alive a thousand years ago. Ranging from c. 900 (when the written transmission of medieval songs began) to 1200, Treitler shows how the earlier, purely oral traditions can be examined only through the lens of what has been captured in writing, and focuses on the invention and uses of writing systems for representing these oral traditions. Each of these seminal influential essays has been revised to take account of recent developments, and is prefaced with a new introduction to highlight the historical issues. The accompanying CD contains performances of much of the music discussed.

**Women's Writing in Italy, 1400-1650** Virginia Cox, 2008-06-16 Winner, 2009 Best Book Award, Society for the Study of Early Modern Women Winner, 2008 PROSE Award for Best Book in Language, Literature, and Linguistics. Professional and Scholarly Publishing Division of the Association of American Publishers This is the first comprehensive study of the remarkably rich tradition of women's writing that flourished in Italy between the fifteenth and early seventeenth centuries. Virginia Cox documents this tradition and both explains its character and scope and offers a new hypothesis on the reasons for its emergence and decline. Cox combines fresh scholarship with a revisionist argument that overturns existing historical paradigms for the chronology of early modern Italian women's writing and questions the historiographical commonplace that the tradition was brought to an end by the Counter Reformation. Using a comparative analysis of women's activities as artists, musicians, composers, and actresses, Cox locates women's writing in its broader contexts and considers how gender reflects and reinvents conventional narratives of literary change.
