Make Your Own Maps Graham Davis, 2008 This multimedia book and DVD kit covers the entire world! Featuring 160 ready-made maps of every country and major geographical area, it's a revolutionary new resource for the home (to remember a vacation, for example) and the classroom. The DVD contains the maps themselves, each in the form of a PC and Mac-friendly Photoshop file. Inside the book, there are simple instructions for adapting those maps to your own requirements, and then printing them out, distributing them, or publishing them online. All the maps contain 15 different Photoshop layers, offering a wide choice of cartographic styles, and you can turn country borders, place names, and other elements on or off at will. Every map will print perfectly on a desktop printer, fits on letter-sized paper, and can easily accommodate added graphics, photos, or text.

The Digital Print Jeff Schewe, 2013-07-22 Following on the release of *The Digital Negative: Raw Image Processing in Lightroom, Camera Raw, and Photoshop*, the definitive and bestselling guide to integrated raw image processing, renowned photographer, educator, and author Jeff Schewe presents a targeted book on digital printing in Lightroom and Photoshop, which teaches expert techniques for optimal output and fine-art reproduction using today's technologies. *The Digital Print*

picks up where first book leaves off, taking the already perfected images from The Digital Negative and preparing them for printing and other forms of output. Students will learn techniques for fine-art printing in house or sending out to a photo lab, as well as preparing images for multimedia and mobile destinations and Print on Demand (POD) books. This is the second in a two-book series that pays homage to Ansel Adams' seminal book series The Camera, The Negative, and The Print. Each book stands alone, but the combination of the two tells the entire story from camera to print. These books are not version-specific and, thus, evergreen.

Colortronic Animals Lark Lark Crafts,2017-04-04 Color-by-Number updated for today's coloring book fans! Love coloring? Love animals? Colortronic Animals combines the two in 64 pages of wonderful illustrations, all featuring an easy-to-use number system. When finished, each illustration will showcase a bright and brilliant palette. (After all, why should a zebra have only black-and-white stripes?) Because you'll want to display these, each page is perforated, making it easy to tear out for framing.

Bold & Beautiful Paper Flowers Chantal Larocque,2017-10-24 Transform Your Home Into a Blooming Garden That Lasts Forever Chantal Larocque's paper flower designs have garnered international attention—you can find her blooms in Madison Avenue storefronts, on fashion designer clothing lines, in wedding magazines around the world and at soirees hosted by celebrities such as Lauren Conrad and Ali Larter. With this book, Chantal reveals her coveted secrets so you can easily and affordably create the same dazzling blooms for your home, office, wedding or other special event. Chantal's unique use of cardstock not only makes the flowers easy to craft, but it also gives them her signature bold and full look that makes a statement wherever the blooms are displayed. You'll learn to make popular flowers such as the peony, rose, dahlia, daisy and succulent, plus Chantal's imaginative designs and large-scale backdrop flowers. Step-by-step photos and templates for every flower and leaf ensure that you can follow along smoothly and enjoy the creative process. Within the pages of *Bold & Beautiful Paper Flowers*, discover a colorful new craft and the joy of creating these delightful works of art for yourself and loved ones.

Adventures in Bookbinding Jeannine Stein,2011-06-01 Each project in this book combines bookbinding with a specific craft such as quilting, jewelry making, or polymer clay, and offer levels of expertise: basic, novice, and expert. Illustrated step-by-step instructions and photographs demonstrate how to construct the cover pages, and a unique binding technique, easy enough for a beginner to master. Each project also features two other versions with the same binding geared to those with more or less experience. The novice version is for those who have no knowledge of the craft and want shortcuts, but love the look. For the quilter's book, for example, vintage quilt pieces become the covers so all that's needing in the binding. Or if

you're interested in wool felting use an old sweater. This offers great opportunities for upcycling. The expert version is for those who have a great deal of knowledge and proficiency of a certain craft - the master art quilter, for example. For this version, an expert guest artist has created the cover and the author has created the binding. This offers yet another creative opportunity - the collaborative project. Since crafters often get involved with round-robins and other shared endeavors, this will show them yet another way to combine their skills. No other craft book offers the possibilities and challenges that Adventures in Bookbinding does. Readers will return to it again and again to find inspiration and ideas.

The Christian Writer's Manual of Style Zondervan,2010-05-11 An essential tool for writers, editors, proofreaders, designers, copywriters, production managers, and marketers too.The Christian Writer's Manual of Style is an essential tool not only for writers of religious materials, but for their editors, proofreaders, designers, copywriters, production managers, and even marketers. Rather than simply repeating style information commonly available in standard references, this newly updated and expanded edition includes points of grammar, punctuation, usage, book production and design, and written style that are often overlooked in other manuals. It focuses on information relating to the unique needs and demands of religious publications, such as discussions on how to correctly quote the Bible, how to capitalize and use common religious terms, and how to abbreviate the books of the Bible and other religious words. Also included are rarely found items such as:• an author's guide to obtaining permissions• guidelines for using American, British, and Mid-Atlantic styles• discussions of inclusive language, profanity, and ethnic sensitivities• discussions of Internet and computer-related language style• a list of problem words• style issues regarding words from major world religions• a discussion of handling brand names in text• a list of common interjections• issues of type design, paper, copy-fitThis edition has been completely updated since the 1988 edition and contains more than twice as much information as the previous edition. This is the most detailed and comprehensive guide of its kind.
