Haunted House Halloween Handbook Jerry R. Chavez, 2024-10-09 Every October, schools, civic clubs, scout troops, little leagues and charity groups of all kinds sponsor Halloween haunted houses as fundraisers. But where do they go for good information on how to do it? How to make the rotting corpse that scares the bejeebers out of everyone or the demonic knife-wielding doll or the living, beating heart that visitors swear is real? And what about the mundane details (e.g., permits and insurance) that make the haunted house a profitable and safe venture? Where does one find out about that? All aspects of the successful haunted house are covered here. There is good information on site selection, logistics, design, security, budgeting, sponsorship and volunteer management. This is followed by detailed, descriptions of many inexpensive illusions for your haunted house; each is accompanied by illustrations that further explain how to make the effect successful. Floor plans, advertising flyers and design worksheets are some of the sample materials included.

Maynard's House Herman Raucher, 2015-05-03 “Told with icy precision of eye and ear and a wink of wicked humor . . . First-rate haunted-house creepiness” from the bestselling author of *Summer of '42* (Kirkus Reviews). Austin Fletcher, a disturbed young Vietnam War vet, is willed a small house deep in the woods of northern Maine. He comes to own it by the generosity of a brother-in-arms—a fellow soldier and confidante, Maynard Whittier, killed in action by a wayward mortar shell. The rugged landscape of Maine is an intoxicating blend of claustrophobic interiors and endless frozen wastelands. Little by little, the mysterious force in the house asserts itself until Austin isn’t exactly sure what is in his mind and what is real. And just when our hero’s had enough and is ready to quit the place, a blizzard arrives and the real haunting begins. “An unsettling experience . . . Confounding, touching and well-written.” —The New York Times Book Review

Grave's End Elaine Mercado, 2001 You leave us alone; we'll leave you alone. When Elaine Mercado and her first husband bought their home in Brooklyn, N. Y., in 1982, they had no idea that they and their two young daughters were embarking on a thirteen-year nightmare. Within a few days of moving in, Elaine and her older daughter began to experience the sensation of being watched. Then came scratching noises and weird smells, followed by voices whispering, maniacal laughter, shadowy figures scurrying along baseboards, and small balls of light bouncing along the ceilings. From the beginning of the haunting, suffocating dreams were experienced by everyone except the younger daughter. These eventually accelerated to physical aggression directed at Elaine and both the girls. This book is the true story of how one family tried to cope with living in a haunted house. It also describes how, with the help of parapsychologist Dr. Hans Holzer and medium Marisa Anderson, the family discovered the tragic and heartbreaking secrets buried in the house at Grave's End. I struggle to open my eyes, but achieve nothing but frustration and failure. I am not asleep. I am fully conscious, in a state of panic unthinkable during the day intolerable in the dark of night, held prisoner by some tortured, invisible presence, insistent on abruptly invading my slumber. The more I struggle toward freedom, the more I am pushed into the mattress, perspiring, heart palpitating, a scream involuntarily silenced within my throat. Some nights I experience my skin being stroked while I fight to regain control of my body, my sight. Thank God, this was not one of those nights. Tonight it lets me open my eyes, shaken but unviolated, frightened, but not as frightened as I know I can become. First Runner up for the 2001 Coalition of Visionary Resources (COVR) Award for Best Biographical/Personal Book

Designing Disney John Hench, 2009-01-06 *Designing Disney* sets into history and puts into context the extraordinary contributions of the late John Hench, who, at the age of 94, still came into his office at Imagineering each day. His principles of theme park design, character design, and use of color made him a legendary figure, not only for Disney fans but also for students and aficionados of architecture, engineering, and design. *Designing Disney* reveals the magic behind John's great discoveries and documents his groundbreaking in several key areas: "Design Philosophy" examines the values, attitudes, aesthetics, and logic that went into the original concepts for Disney theme parks. In "The Art of the Show" and "The Art of Color," Hench reveals the essence of what makes the parks work so well. And in "The Art of Character," he lets the reader in on the how and why of the Disney characters' inherent popularity—their timeless human traits, archetypal shape and gestures that suggest these qualities graphically, and their emotional resonance in our lives.

Murder as a Fine Art David Morrell, 2013-05-07 A brilliant historical mystery series begins: in gaslit Victorian London, writer Thomas De Quincey must become a detective to clear his own name. Thomas De Quincey, infamous for his memoir *Confessions of an English Opium-Eater*, is the major suspect in a series of ferocious mass murders identical to ones that terrorized London forty-three years earlier. The blueprint for the killings seems to be De Quincey's essay *On Murder Considered as One of the Fine Arts*. Desperate to clear his name but crippled by opium addiction, De Quincey is aided by his devoted daughter Emily and a pair of determined Scotland Yard detectives. In *Murder as a Fine Art*, David Morrell plucks De Quincey, Victorian London, and the Ratcliffe Highway murders from history. Fogbound streets become a battleground between a literary star and a brilliant murderer, whose lives are linked by secrets long buried but never forgotten.
