Quiete e visione profonda Amadeo Solé-Leris, 2016-04-27 ... Cominciai a seguire l'insegnamento del Buddha dal momento in cui capii che il vero e proprio non è una religione - una fede in una Divinità e in una relazione con Essa, comunque articolata -, ma un umanesimo e, più concretamente, un sistema etico-psicologico che propone metodi pratici per raggiungere, qui e ora, la piena realizzazione delle proprie potenzialità benefiche. In Occidente, l'insegnamento del Buddha è stato più volte 'interpretato' in senso più o meno teistico: il Buddha come Dio o come sua rappresentazione/manifestazione. Ma quando mi resi conto che il Buddha (il Risvegliato) non pretendeva essere un Dio o un profeta, bensì esempio supremo di ciò che l'essere umano può diventare, mi dissi: "Questo sì che ha un senso: il Risvegliato insegna agli altri, come risvegliarsi. Questo testo vuole contribuire alla comprensione della natura pratica e concreta dell'insegnamento del Buddha, il cui cuore è l'esercizio meditativo. Vi sono delineate le sue caratteristiche essenziali, per offrire al lettore non specializzato un'introduzione generale, che possa incoraggiare a farne esperienza. "Nel 1972 in Sri Lanka (...) ebbi la fortuna di leggere le parole del Buddha: la spiegazione di quello che lui stesso aveva sperimentato, e di come anche altri possano arrivare alla stessa esperienza. E così scoprii la straordinaria semplicità e la profonda concretezza del sentiero di quiete e visione profonda, da lui indicato. Mi dedicai, quindi, allo studio dell'antica lingua pali e dei testi. Nel 1974 feci un corso di meditazione Vipassana con il maestro indo-birmano S.N. Goenka; questa pratica dell'insegnamento del Buddha mi convinse ad accettare la sua validità, come guida di vita, e ad impegnarmi da allora al continuativo esercizio meditativo di Vipassana. Ben sapendo che è una strada lunga, a ogni passo mi appare giusta e benefica.

**Peace Is Every Step** Thich Nhat Hanh, 1992-03-01 In the rush of modern life, we tend to lose touch with the peace that is available in each moment. World-renowned Zen master, spiritual leader, and author Thich Nhat Hanh shows us how to make positive use of the very situations that usually pressure and antagonize us. For him a ringing telephone can be a signal to call us back to our true selves. Dirty dishes, red lights, and traffic jams are spiritual friends on the path to "mindfulness"—the process of keeping our consciousness alive to our present experience and reality. The most profound satisfactions, the deepest feelings of joy and completeness lie as close at hand as our next aware breath and the smile we can form right now. Lucidly and beautifully written, Peace Is Every Step contains commentaries and meditations, personal anecdotes and stories from Nhat Hanh's experiences as a peace activist, teacher, and community leader. It begins where the

reader already is—in the kitchen, office, driving a car, walking a part—and shows how deep meditative presence is available now. Nhat Hanh provides exercises to increase our awareness of our own body and mind through conscious breathing, which can bring immediate joy and peace. Nhat Hanh also shows how to be aware of relationships with others and of the world around us, its beauty and also its pollution and injustices. The deceptively simple practices of *Peace Is Every Step* encourage the reader to work for peace in the world as he or she continues to work on sustaining inner peace by turning the “mindless” into the mindFUL.

Awareness Osho, 2007-04-01 One of the greatest spiritual teachers of the twentieth century will help you learn how to live in the present moment in *Awareness: The Key to Living in Balance*. Underlying all meditation techniques, including martial arts—and in fact underlying all great athletic performances—is a quality of being awake and present to the moment, a quality that Osho calls awareness. Once we can identify and understand what this quality of awareness is, we have the key to self-mastery in virtually every area of our lives. According to great masters like Lao Tzu or Buddha, most of us move through our lives like sleepwalkers. Never really present in what we are doing, never fully alert to our environment, and not even aware of what motivates us to do and say the things we do. At the same time, all of us have experienced moments of awareness—of awakening, to use another—in extraordinary circumstances. On the road, in a sudden and unexpected accident, time seems to stop and one is suddenly aware of every movement, every sound, every thought. Or in moments that touch us deeply—welcoming a new baby into the world for the first time, or being with someone at the moment of death. Awareness, says Osho, is the key to being self-directed, centered, and free in every aspect of our lives. In this book, Osho teaches how to live life more attentively, mindfully, and meditatively, with love, caring and consciousness. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the “1000 Makers of the 20th Century” and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.

The Law of Attention Edward Salim Michael, 2010-01-27 How to achieve a direct inner experience of your higher nature and the after-death state from which you originate and will return • Provides techniques for listening to the primordial sound within • Offers yoga and meditation techniques that are still little known in the West This book—at once simple and powerful—stands as a monument to the lifelong spiritual struggles of Edward Salim Michael, struggles that he heroically surmounted on his path to enlightenment. Due to the circumstances of his birth, Michael had no education, no mother tongue, and no book learning when he was drafted at the age of 19 into the British Royal Air Force during World War II. After learning to read and write he became an accomplished classical composer in France. In 1949, after seeing a statue of a Buddha for the first time,

he experienced a powerful awakening of his innate Buddha Nature, which inspired him to begin a sustained and extremely disciplined meditation practice. Michael abandoned his career as a composer and went to India, the home of his maternal grandmother, where he lived for seven years fully focused on his spiritual awakening. Michael's spiritual teachings reveal techniques of yoga and meditation that can open the door to one's higher nature and to directly experience the after-death state. Nada yoga (meditation on the inner sound) is one of the core techniques for this realization. There is a vast luminous consciousness already within us, but it is obscured by the clouds of our incessant thoughts. With sincerity, moral integrity, and inner vigilance, which, when embodied, implies that we have internalized the basic tenets of the law of attention, we can move beyond the promptings of our lower nature and break through the clouds of our ordinary mind to realize our own divine nature. Emphasizing inner attention and an awareness of attitude, Michael's practices can help aspirants make direct contact with the divine source each of us unknowingly carries deep within.

**When the Chocolate Runs Out** Thubten Yeshe, 2011-06-22 To know Lama Yeshe was to know he loved chocolate; it was his favorite metaphor to describe the nature of our attachments. Understanding Our Mind Thich Nhat Hanh, 2002-02-09 Thich Nhat Hanh pulls from 50 classic Buddhist verses to present the basic teachings of Buddhist applied psychology, exploring the true nature of our feelings and perceptions. Based on the 50 verses on the nature of consciousness taken from the great 5th-century Buddhist master Vasubandhu and the teachings of the Avatamsaka Sutra, Thich Nhat Hanh focuses on the direct experience of recognizing, embracing, and looking deeply into the nature of our feelings and perceptions. Presenting the basic teachings of Buddhist applied psychology, *Understanding Our Mind* shows us how our mind is like a field, where every kind of seed is planted—seeds of suffering, anger, happiness, and peace. The quality of our life depends on the quality of the seeds in our mind. If we know how to water seeds of joy and transform seeds of suffering, then understanding, love, and compassion will flower. Vietnamese Zen Master Thuong Chieu said, “When we understand how our mind works, the practice becomes easy.”

The Friend of the Desert Pablo d'Ors, 2019-10-29 Existential and curiously hypnotic, Pablo d'Ors evokes the sharp stylized prose of Bolaño, Bernhard, and DeLillo in this strange tale of one man's repeated forays into the desert, and the ultimate silence it contains. Thanks to the back cover of a book I knew that there lived in Brno a man who had dedicated a good portion of his life to traveling through many of the world's deserts. So begins Pavel's story, as a series of mysterious circumstances lead him to change the course of his life. On his repeated trips to the Sahara, first as part of an enigmatic organization called Friends of the Desert and later on his own, Pavel explores the drifting sands, and, ultimately, something approaching infinity. Nothing is as it seems. As the unknowns increase, each encounter presents a new mirror for Pavel's own expanding consciousness. Innumerable artists, thinkers, and mystics have paid their respects to the void. With refinement and care, *Friend of the Desert* inserts itself to that tradition. In the wake of Hesse's famous Siddhartha, Bolaño's *By Night in Chile*, and Don DeLillo's *The Names*, Pablo d'Ors approaches the depths and casually settles in. *Friend of the Desert* is a rare gift for seekers of the absolute.

**Ecodharma** David Loy, 2019-01-29 How can we respond urgently and effectively to the ecological crisis—and stay sane doing it? This landmark work is simultaneously a manifesto, a blueprint, a call to action, and a deep comfort for troubling times. David R. Loy masterfully lays out the principles and perspectives of Ecodharma—a Buddhist response to our ecological predicament, introducing a new term for a new development of the Buddhist tradition. This book emphasizes the three aspects of Ecodharma: practicing in the natural world, exploring the ecological implications of Buddhist teachings, and

embodying that understanding in the eco-activism that is needed today. Within these pages, you'll discover the powerful ways Buddhism can inspire us to heal the world we share. Offering a compelling framework and practical spiritual resources, Loy outlines the Ecosattva Path, a path of liberation and salvation for all beings and the world itself.

Anger Thich Nhat Hanh, 2001-09-10 [Thich Nhat Hanh] shows us the connection between personal, inner peace and peace on earth. -His Holiness The Dalai Lama Nominated by Martin Luther King, Jr. for a Nobel Peace Prize, Thich Nhat Hanh is one of today's leading sources of wisdom, peace, compassion and comfort. It was under the bodhi tree in India

twenty-five centuries ago that Buddha achieved the insight that three states of mind were the source of all our unhappiness: wrong knowing, obsessive desire, and anger. All are difficult, but in one instant of anger—one of the most powerful emotions—lives can be ruined, and health and spiritual development can be destroyed. With exquisite simplicity, Buddhist monk and Vietnam refugee Thich Nhat Hanh gives tools and advice for transforming relationships, focusing energy, and rejuvenating those parts of ourselves that have been laid waste by anger. His extraordinary wisdom can transform your life and the lives of the people you love, and in the words of Thich Nhat Hanh, can give each reader the power to change everything.

*Buddha Mind, Buddha Body* Thich Nhat Hanh, 2003-03-09 Revered Zen teacher and best-selling author Thich Nhat Hanh explores the connection between psychology, neuroscience, and meditation to reveal how we can cultivate our own happiness. In his previous book *Understanding Our Mind*, Zen monk Thich Nhat Hanh explored Buddhist psychology and its applications in everyday life. Here, he continues that study by asking, “Is free will possible?” as he examines how the mind functions and how we can work with it to cultivate more freedom and understanding, be in closer touch with reality, and create the conditions for our own happiness. Drawing stories from the life of the Buddha and Hanh's own experiences, *Buddha Mind, Buddha Body* addresses such topics as:

- The importance of creativity and visualization in a meditation practice
- Basic Buddhist meditation practices such as sitting and walking meditation
- The importance of brotherhood and sisterhood in everyday life

Delivered in Hanh's inimitable light, clear, and often humorous style, *Buddha Mind, Buddha Body* will appeal to those new and familiar with Buddhist psychology.

*Mindfulness* J. Mark G. Williams, Mark Williams, Danny Penman, 2011 THE LIFE-CHANGING BESTSELLER. It's the kind of happiness that gets into your bones. It seeps into everything you do and helps you meet the worst that life can throw at you with new courage. The book is based on Mindfulness-Based Cognitive Therapy (MBCT). MBCT revolves around a straightforward form of

mindfulness meditation which takes just a few minutes a day for the full benefits to be revealed. MBCT has been clinically proven to be at least as effective as drugs for depression and it is recommended by the UK's National Institute of Clinical Excellence - in other words, it works. More importantly it also works for people who are not depressed but who are struggling to keep up with the constant demands of the modern world. MINDFULNESS focuses on promoting joy and peace rather than banishing unhappiness. It's precisely focused to help ordinary people boost their happiness and confidence levels whilst also reducing anxiety, stress and irritability.
